

STUDENT GUIDE

DATE:	From March 10th to March 16th, 2025
UNIT 2	INSIDE THE SYSTEM
WEEK	- Review of Wh-questions - Relative Pronouns (Who, whom, whose, that) - Technical specifications - What is inside a PC system
OBJECTIVES	At the end of this class, the student will be able to: – identify and name common hardware components of a computer system. – describe the functions of various computer components – understand the correct usage of "to be" in sentences – practice constructing affirmative, negative, and interrogative sentences using the verb "to be" in simple present tense. – identify the correct meaning and usage of wh-words – distinguish between hardware and software components of a computer system.

WEEK 4	MATERIALS TO BE USED
- English for computer users Fourth Edition - PDF activities - Student Guide - Any other additional material to support the development of the programmatic content.	

WEEK 4:

From March 10th to March 16th, 2025

Activities to be Developed

Initial Activities:

- Download all the resources provided for the student in week 4.

Development of reading activities:

- The reading of the grammatical structure and information of Unit 2 is in English; you are tasked to make the corresponding translations in case you do not understand all the vocabulary provided.
- **On pages 2-4**, the topic of Wh-Questions will be developed as a reminder for a better understanding.
- **On page 5**, the topic of relative pronouns will be developed in a timely and concise manner; in this way, confusion will be avoided when using them in different contexts.
- **On page 6**, you must develop the first practice where you will put into practice the use of Wh-Questions and relative pronouns; for a better understanding.
- **On pages 6-7**, you will read briefly about technical specifications.

- **On page 8**, you will read about what is inside a PC system, perform the translations for a better understanding.
- **On pages 8-9**, the second practice will be carried out where you must complete the sentences with the correct words according to the previous reading on page 8.
- **On page 9**, the third practice will be developed where you must match the vocabulary with its definition according to the reading what is inside a PC system.
- **On pages 9-10**, the fourth practice will be developed where you must first read about technical specifications and then match the vocabulary with its definition.

REMINDERS

Review the document before the class and complete the activities requested in it. Write down all the doubts in your notebook or notepad and ask your tutor while the synchronous session is taking place or write to your tutor's e-mail address.

Be attentive in your synchronous sessions because your tutor may ask you for examples of the topics that are being developed.

If you have questions or doubts during the development of the unit, contact your tutor and ask for assistance to clarify any doubts you may have.

IMPORTANT

Read the guidelines before each synchronous session and be sure to ask any questions you may have about assignments, activities or exams.

Remember that you must have **75% attendance** to do the evaluated activities (if for any reason you cannot attend the synchronous classes, please notify your tutor, justifying the absence).
