Software/Educación En Línea

SEMESTRE I - 2025

UNIT 4	imperative mood, should
WEEK 12	TOPICS: Your computer screen How screen displays work

LEARNING OBJECTIVES:

At the end of the class, SWBAT:

- 1. Identify parts and functions of a computer screen.***
- 2. Understand and explain how a screen display works using basic vocabulary.***
- 3. Use the imperative mood to give instructions related to screen use.***
- 4. Use the modal verb "should" to give advice or suggestions about screen care and usage.***

UNIT 4

DISPLAY SCREENS AND ERGONOMICS

WEEK 12

WEEK 12

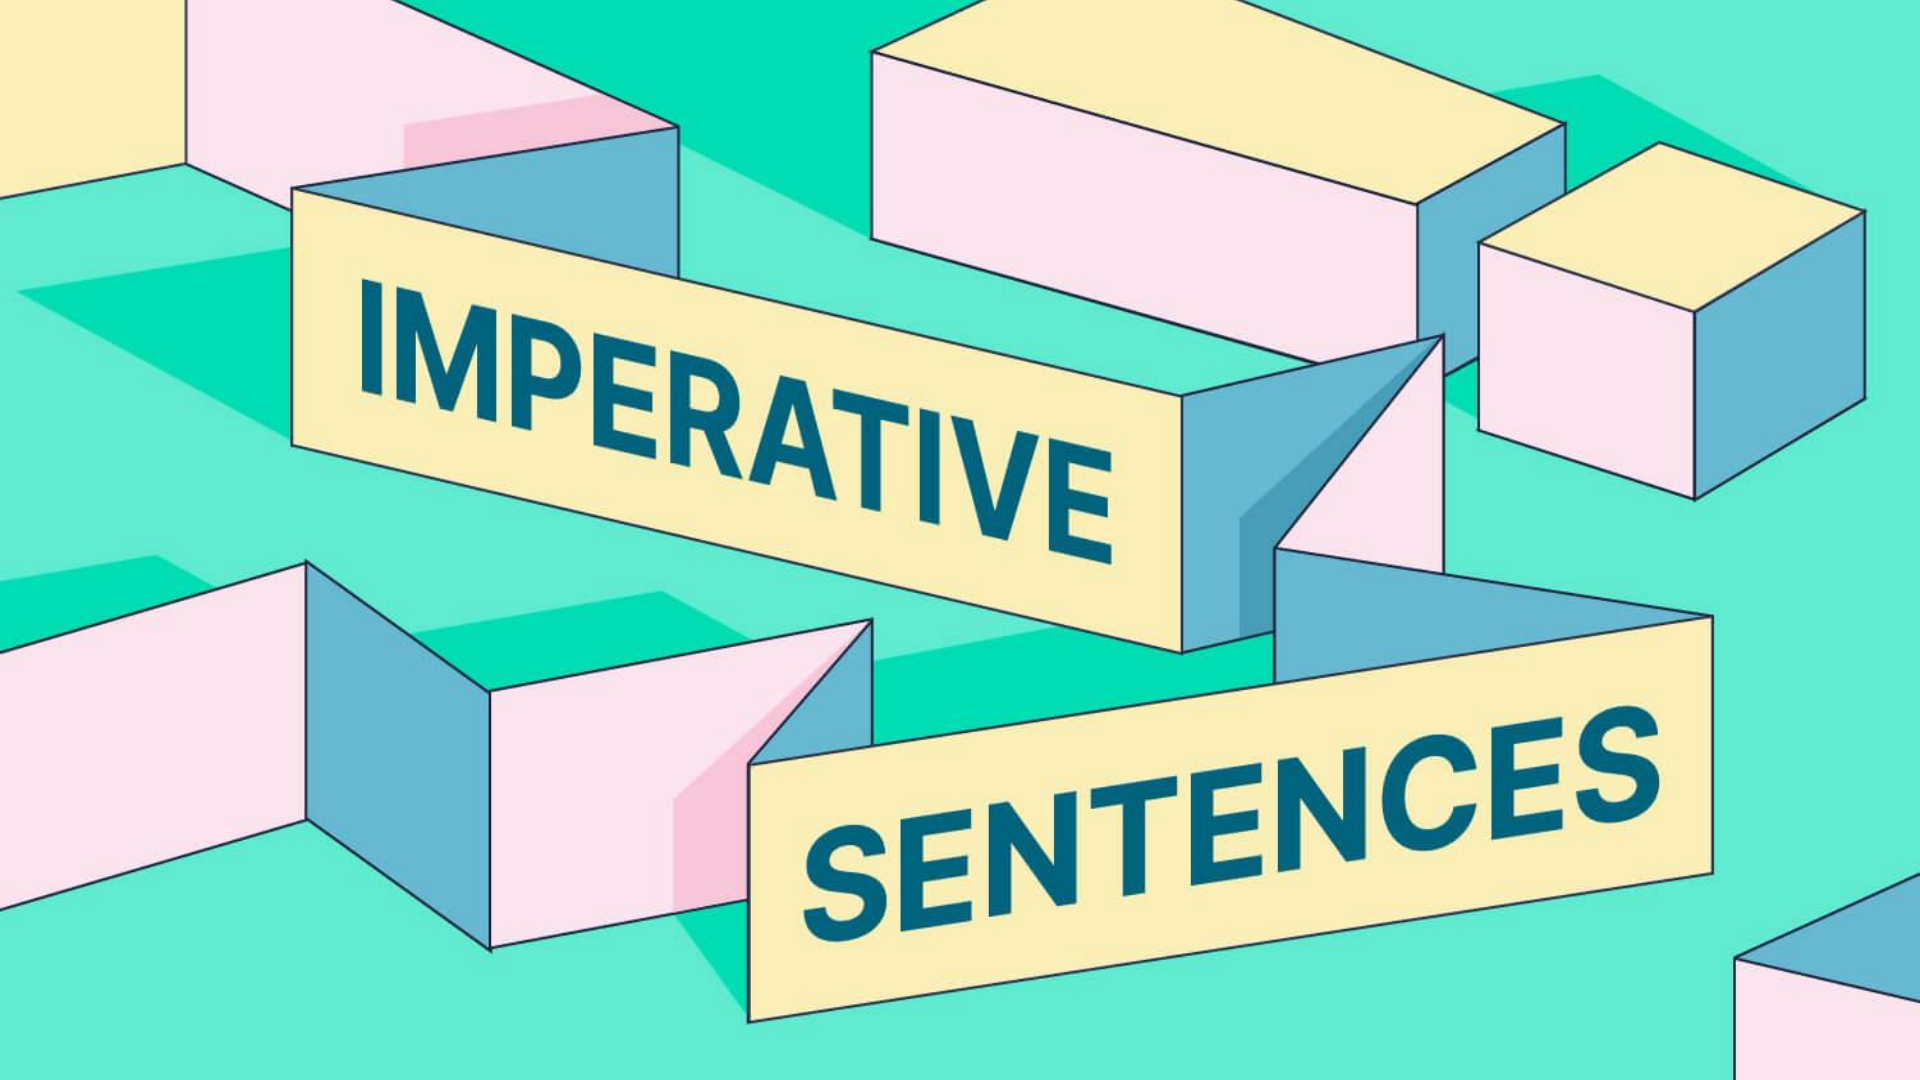

GRAMMAR FOCUS

imperative mood,
should

TOPICS AND VOCABULARY

your computer screen
how screen displays
work

IMPERATIVE

SENTENCES

What is the IMPERATIVE MOOD?

The **imperative mood** is used to **give orders, instructions, advice, suggestions, or warnings**. It is commonly used in manuals, recipes, signs, and spoken commands.

INSTRUCTION TYPE	IMPERATIVE SENTENCE
TURNING ON/OFF	Turn on the monitor.
	Shut down the computer.
ADJUSTING SETTINGS	Adjust the screen brightness.
	Open the display settings.
MAINTENANCE	Clean the screen with a microfiber cloth.
	Use a screen protector.
POSITIONING	Move the screen to eye level.
	Sit at a proper distance from the monitor.
SOFTWARE USE	Click on the resolution option.
	Drag the window to the second screen.
GENERAL USE	Restart the computer if the screen freezes.
	Plug in the monitor cable properly.

STRUCTURE:

BASE VERB + OBJECT/COMPLEMENT

Imperative Verbs

Subject is **understood** as "**you**", so it is **not written**

STRUCTURE

AFFIRMATIVE FORM:

Examples:

- Turn off the computer.
- Open the display settings.
- Clean the screen gently.
- Study English every day.

NEGATIVE FORM:

Use “Don’t” + base verb:

Examples:

- **Don’t** touch the screen with dirty hands.
- **Don’t** increase the brightness too much.
- **Don’t** block the ventilation holes.
- **Don’t** use your cellphone in class.

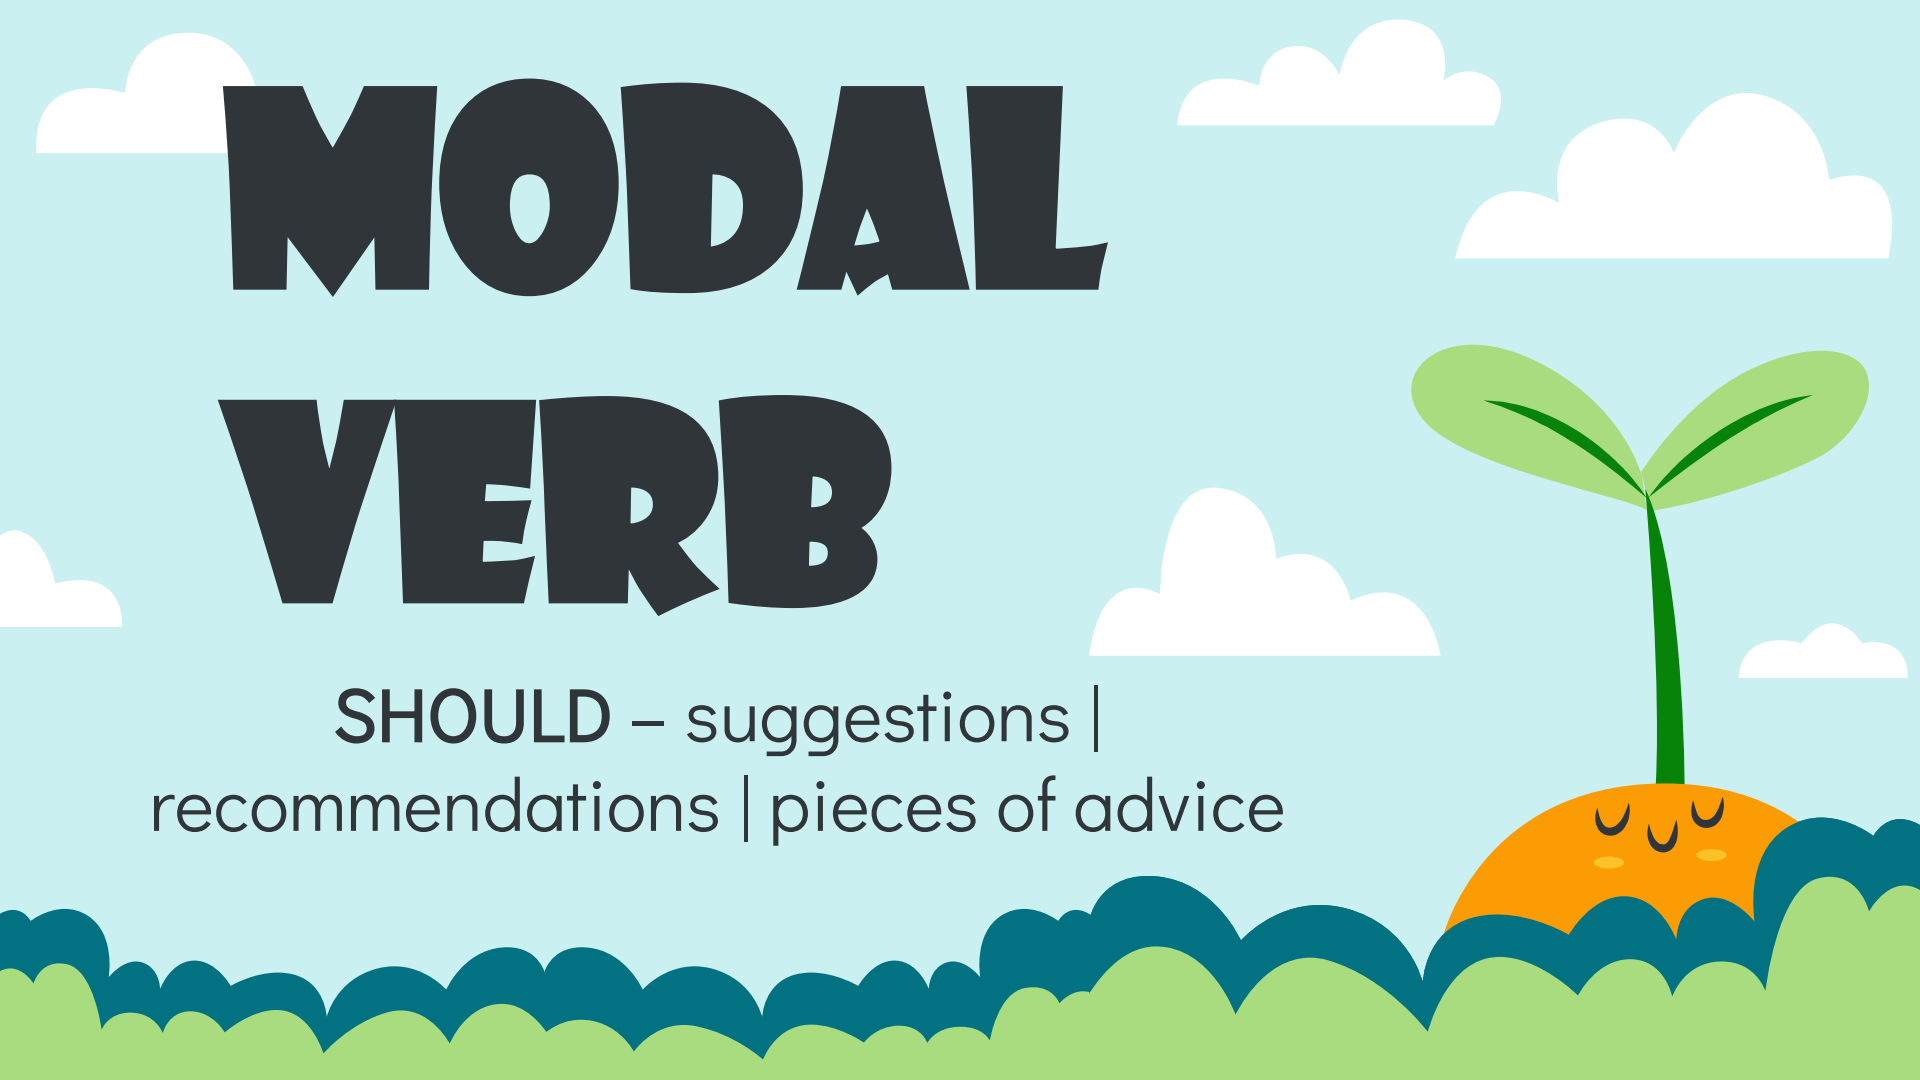

🧠 COMMON VERBS USED IN IMPERATIVES RELATED TO SCREENS:

VERB	EXAMPLE
turn on	Turn on the monitor.
adjust	Adjust the brightness level.
clean	Clean the screen with a soft cloth.
click	Click on the display icon.
don't use	Don't use harsh chemicals.
press	Press the power button.

MODAL VERB

SHOULD – suggestions |
recommendations | pieces of advice

SHOULD

should

Modal Verb

+ BASE FORM

I should

You should

He should

She should

It should

We should

They should

~~S~~

He **should** ~~s~~ study. ❌

He **should** study. ✅

- ☐ You look tired. You **shouldn't** work so much.
- ☐ He **shouldn't** talk to his teacher like that.
- ☐ Marcos **should** study if he wants to get better grades.
- ☐ The test is next week. We **should** study for it now.

SHOULD vs. OUGHT TO

Should can be replaced by **ought to** without a change in meaning.

- You **ought to** study more. =
- You **should** study more.

Note: **ought to** sounds more formal than **should** and is used less frequently.

We use **SHOULDN'T** to advise **not** to do something, usually because it is bad or wrong.

- You **shouldn't** throw your litter onto the street.
- He **shouldn't** play with those wires if he doesn't know what he is doing.
- You **shouldn't** work so much.

WARNING:

We don't use **DO, DOES, DID**.

- Should I turn on the air conditioning?
- **NOT:** ~~Do I should I~~ turn on the air conditioning?

MORE EXAMPLES:

✓ AFFIRMATIVE:

- You should adjust the screen to eye level.
- You should take breaks to rest your eyes.
- We should lower the brightness in a dark room.

✗ NEGATIVE:

- You shouldn't sit too close to the screen.
- You shouldn't leave the screen on all night.
- Henry shouldn't clean it with water directly.

⚠ IMPORTANT NOTES:

- “SHOULD” is not as strong as “must” (it’s advice, not a rule).
- The verb after “should” is always in base form.

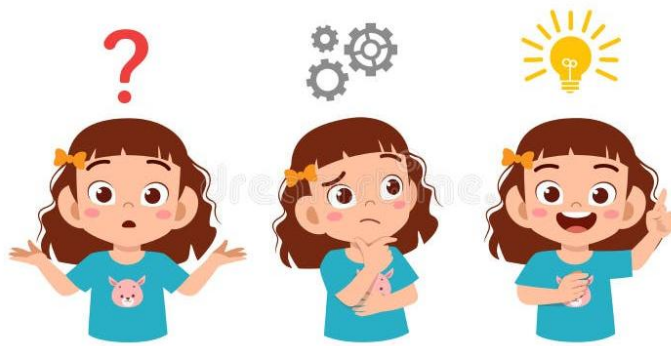

EXERCISE 1: MATCHING

DIRECTIONS:

Read each **situation** and
match it to the correct
imperative or **should-**
sentence.

*Practice
makes
Perfect*

- A.** Your classmate is about to clean the screen with a wet paper towel.
- B.** Your friend doesn't know how to open the display settings.
- C.** You're getting headaches after using the computer for too long.
- D.** Your little brother is pressing the monitor too hard.
- E.** The screen shows a "No Signal" message.
- F.** Your screen is too dark and hard to see.
- G.** A student doesn't take breaks when using the computer.
- H.** Your friend is eating chips while using the keyboard and screen.
- I.** Your classmate wants to unplug the computer without turning it off.
- J.** The monitor is facing too low, and your neck hurts when using it.

- 1.** Adjust the screen brightness.
- 2.** Don't press the screen so hard.
- 3.** You should clean the screen with a soft cloth, not a wet towel.
- 4.** Open the display settings from the Control Panel.
- 5.** You should take short breaks every 30 minutes.
- 6.** Don't eat near the computer.
- 7.** Restart the computer or check the cable connection.
- 8.** You should raise the monitor to eye level.
- 9.** Don't unplug the computer while it's on.
- 10.** You should reduce your screen time or use blue light filters.

EXERCISE 2: GIVE ADVICE

DIRECTIONS:

Read the following situations where people are using computers incorrectly. Give advice using “should” or “shouldn’t” and imperative sentences.

Practice
makes
Perfect

EXERCISE 2: GIVE ADVICE

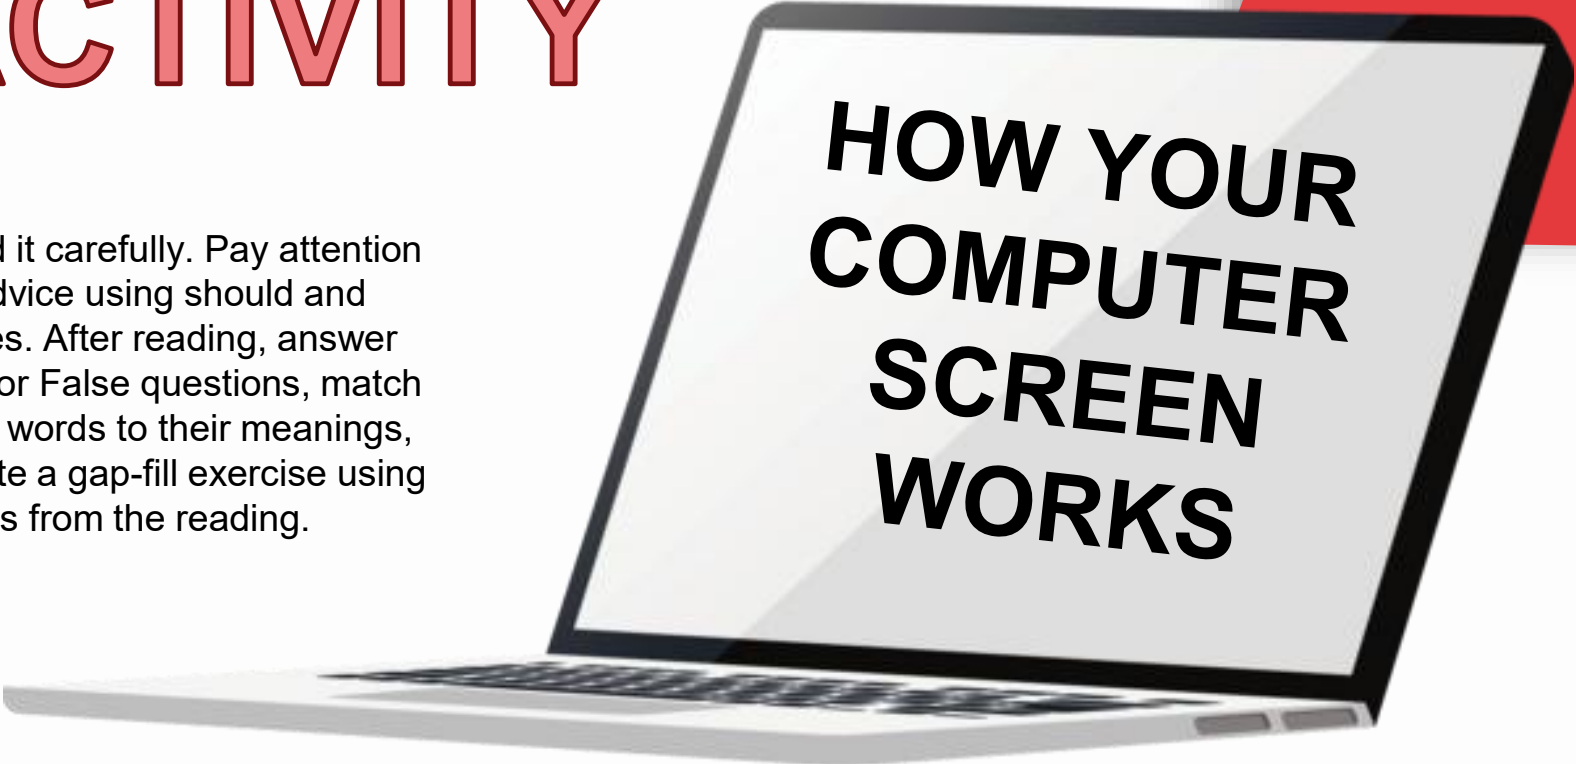

1. a person sitting too close to the screen
2. a person touching the screen with dirty hands
3. the monitor is tilted too low
4. a person using a very bright screen in the dark
5. a student eating chips while using the laptop
6. someone cleaning the screen with water directly
7. a boy playing on the computer for 6 hours
8. a person having problem with the English subject
9. a person having problems with time management
10. someone sitting in a bad posture

PROBLEM

READING ACTIVITY

Please read it carefully. Pay attention to the advice using should and imperatives. After reading, answer some True or False questions, match vocabulary words to their meanings, and complete a gap-fill exercise using words from the reading.

**HOW YOUR
COMPUTER
SCREEN
WORKS**

Your computer screen is an important part of your device. It shows you images, text, and videos by lighting up thousands of tiny dots called pixels. These pixels work together to form the pictures you see.

To take care of your screen, **you should clean it regularly. Don't use water directly on the screen**—instead, use a soft, dry cloth. Dust and fingerprints can damage the display or make it hard to see.

Also, you **should adjust the screen brightness** depending on the lighting in the room. **Too much brightness can hurt your eyes**, especially if you're in a dark space. **Look away from the screen every 20 minutes** to avoid eye strain.

Place the monitor at eye level and sit at a proper distance. You **shouldn't sit too close to the screen**, as this may cause discomfort or long-term vision problems.

Finally, **don't touch the screen with sharp objects** or press on it too hard. Your screen is delicate. **Take care of it and follow these simple tips** to make it last longer and stay clear.

DIRECTIONS: Write **T** (True) or **F** (False) based on the reading.

- 1.The screen shows images using small lights called pixels.
- 2.You should spray water directly onto your screen.
- 3.You should adjust the brightness depending on the room.
- 4.It's okay to sit very close to the screen.
- 5.You should look away from the screen every few minutes.
- 6.Touching the screen with sharp objects is safe.
- 7.A screen is made up of moving parts like a fan.
- 8.A clean screen helps improve visibility.
- 9.You should press hard on the screen to clean it better.
- 10.Placing the monitor at eye level helps your posture.

VOCABULARY SECTION

VOCABULARY

MATCHING

Match the words (1–8)
with their meanings
(A–H).

WORDS	DEFINITIONS
1. Pixels	A. To make something cleaner
2. Brightness	B. Small lights that form an image
3. Adjust	C. An injury or discomfort to the eyes
4. Clean	D. To change something to be better
5. Distance	E. How strong the light is
6. Eye strain	F. A soft piece of fabric
7. Cloth	G. The space between two points
8. Sharp	H. Having a pointed or cutting edge

GAP-FILLING ACTIVITY

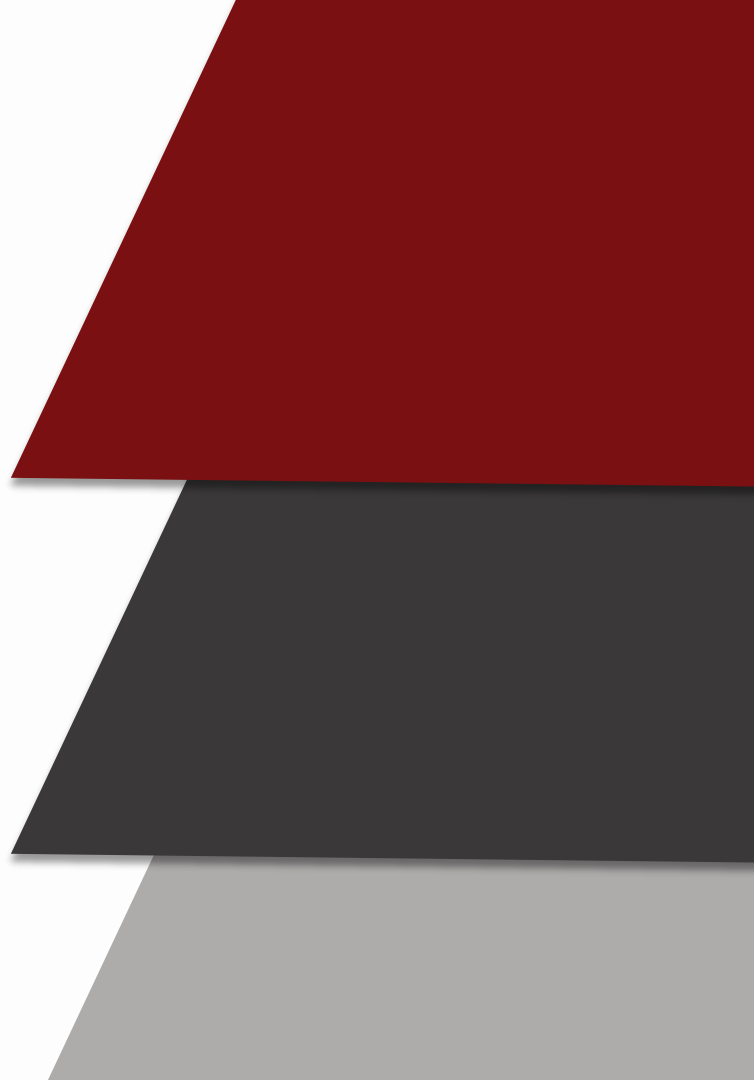

Complete the sentences with the correct word from the vocabulary list above.

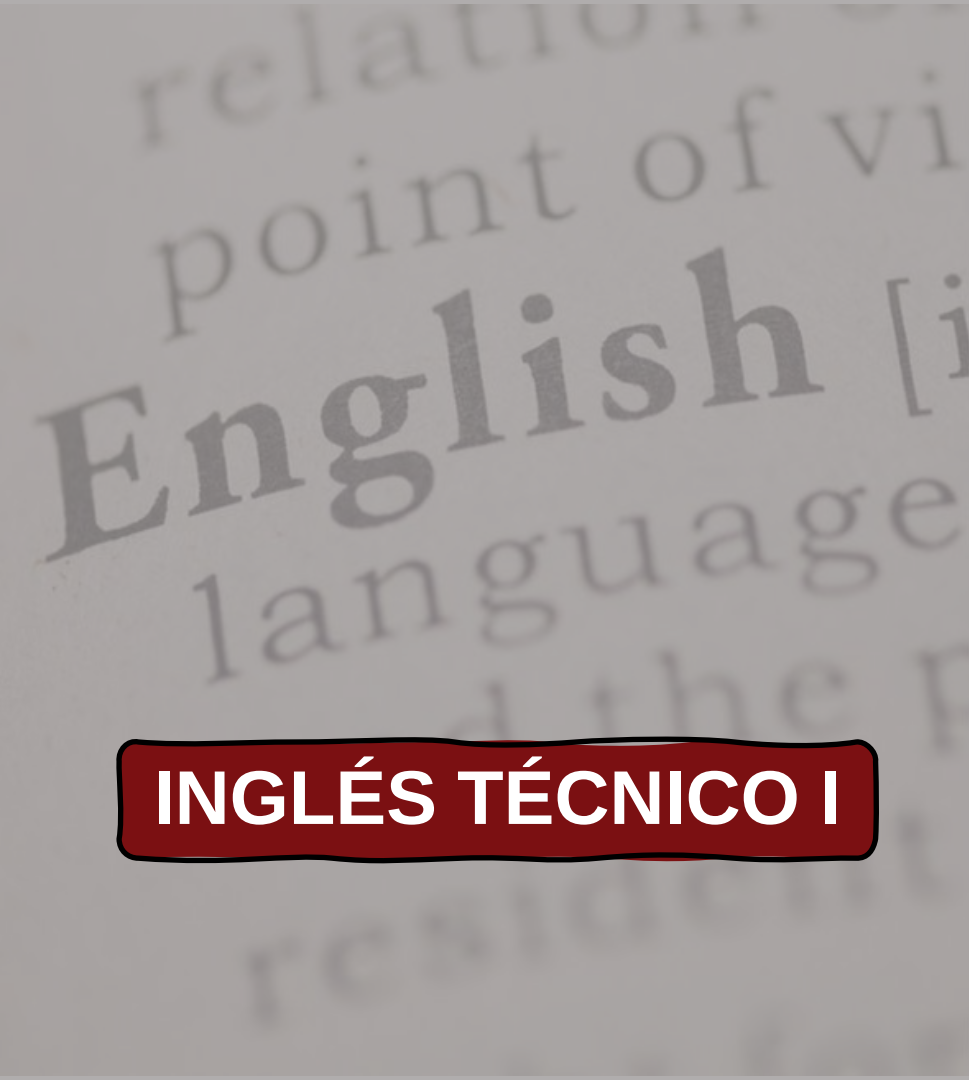

WORD BANK:

pixels – brightness – adjust – clean –
distance – eye strain – cloth – sharp

- 1.You should use a soft _____ to wipe the screen.
- 2.Screens display images using tiny _____.
- 3.Don't touch the screen with _____ objects.
- 4.To reduce _____, take breaks while using the computer.
- 5.You should _____ the screen to match your eye level.
- 6.The screen's _____ should be comfortable for your eyes.
- 7.Keep a good _____ from the screen to avoid discomfort.
- 8.You should _____ the screen regularly to keep it clear.
